

Glass Painting

Painting animal scene with acrylic paints on faux glass

Fish Sticks

Wood, sticks and beads used to make a fish sculpture/wall hanging/mobile; hammer/nail, sanding, sorting, threading on skewer

Beaded Felt Bowls

Lacing/sewing beads onto felt, gathering the beaded felt into a bowl shape; initialing/decorating inside bottom with paint pens

Feather String Art

Weaving variegated yarn around pre-nailed pattern to create feather design; minimal nailing will be left undone in order to allow students to experience all steps of craft

Water Marbling Ballcaps

Create unique patterns by dropping water marbling paint on to liquid surface and then dipping the cap into and thru the pattern. Paint, sizing and mordant used for this process are NON-TOXIC. A PEANUT ALLERGY warning is on the sizing compound because of shared equipment in the factory it is processed in.

**CAPS WILL GO HOME WET AND NEED TO AIR DRY.
ONCE DRY, CAPS NEED TO BE RUN THROUGH THE
DRYER TO HEAT SET THE DESIGN.**
